Does This Sound Like You?

- ✓ You've trained before... but still feel **unsure** about pigments, stretch, or why your results aren't healing the way you expect
- ✓ You've been following me for a while and would love to know exactly how I get the results I do — the same results that helped me create my **six-figure business**
- ✓ You've been told what to do, but not **why**... and things still aren't fully making sense
- ✓ You second-guess your symmetry, mapping, or healed results and just **crave clear guidance**
- ✓ The tech side of content, booking systems, and automations feels **overwhelming**
- ✓ More than anything, you're ready for **step-by-step direction** from someone who actually works in the industry every day

If you're nodding your head right now... this course was created for you!

For complete beginners:

If you haven't had in-person training yet, this course alone isn't enough — you'll get the BEST results when paired with my **1:1 Beginners course**

Hi I'm Alycia

A cosmetic tattooist with over **6 years** of hands-on experience and the founder of **ShapedbyAlycia**.

Over the years, I've worked with **hundreds** of clients and built a **six-figure business**, perfecting the techniques, systems, and strategies that give me **consistent, beautiful healed results**.

I know what it feels like to have trained before, but still feel:

- Unsure about pigment selection or colour theory
- Nervous about symmetry or healed results
- Overwhelmed by the tech side of content and business systems

That's **exactly** why I created this online course — to finally show you not just what to do, but **how** and **why** I do it.

If you've been following me for a while and wondering how I get the results that I do, or you just need everything to finally "**click**"...

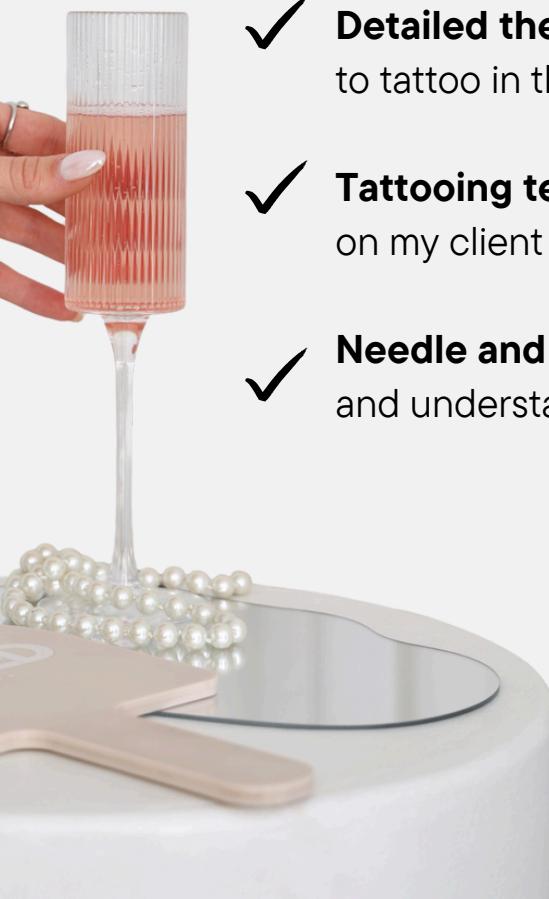

This is where it happens.

*Stay with me as I tell you a little bit
about what's inside...*

What's Inside

- ✓ **Over 4 hours** of 4K demonstrations
- ✓ **Full brow mapping demo** – how I get symmetry every time
- ✓ **Complete ombré procedure** start to finish on a model
- ✓ **Touch-up demonstration** on a model
- ✓ **Deep pigment knowledge** – what I use and why
- ✓ **Booking system breakdown** – how I automate everything, including forms
- ✓ **Where I get my numbing cream** + how I apply it
- ✓ **Detailed theory** behind skin, PMU, healing process, how deep to tattoo in the skin, bleeding, blue brows and MORE
- ✓ **Tattooing techniques** - How I blend and shade when working on my client
- ✓ **Needle and machine theory** - When to use specific needles and understanding your PMU machine

This course includes

Everything I know & everything I have learned from working on hundreds of clients over the years

I've spent years perfecting my technique — *through trial, error, and constant refinement*

UNTIL I REACHED A POINT WHERE:

- ✓ **I love** the pigments I use
- ✓ **I can confidently work** on almost any client who walks through my doors
- ✓ **I know exactly how to handle any situation** that comes up during a procedure

Now, I've put all of that **knowledge and experience** into this course for you.

No gatekeeping

No fluff
